ABOUT

Hailing from the cradle of life, South African born Berlin based DJ/Producer 'DANIELLA DA SILVA' is a talent amongst the forces in the techno music industry. Within a very short span, she has made her mark as a notable performer playing at clubs and festivals in many countries.

She started her impetus of a career by playing at the most renowned clubs in South Africa, such as Truth and Carfax. Soon, she took the region by surprise when she made her festival debut at the Electric Circus festival. This was the moment where she decided to set sail and rode the lightning to India, where she remarkably made a name by constantly playing at over the country's biggest clubs.

Observing her own rapid growth, Daniella knew that she was meant to break bigger floors and the lightning journeyed her to the Mecca of techno - Berlin ! Surrounded by techno giants, she knew that she was meant to join the ranks of these Titans. Caught by the eyes of many organizers, Daniella played gigs all over the black city and soon she made her debut at the famous bathroom - 'HÖR' and then a major pounder at H13 which etched her name in the several minds of the city's who's who ! This led her to step into the bigger leagues, and she made her iconic appearance at ADE in 2021, for EXIT showcase. Also sharing her spotlight with many famous acts, Dani has received commendations from many techno giants for her energy filled high octane sets. Not just that! having studied music production at 'Scul Candi', South Africa, Dani is an ingenious music producer who carries the same energy from the dance floor to her studio. Churning out slammers, Dani has releases on many renowned record labels and the future shall showcase her passionate drive as she pulls out nothing but aces from her sleeves
